Aloha all!

Attached are the **Maui October 2009 Sales Statistics**

ATTENTION HOME BUYERS!

Bringing the Dream of Homeownership Within Reach

As part of its plan to stimulate the U.S. housing market and address the economic challenges facing our nation, Congress has passed new legislation that:

- Extends the First-Time Home Buyer Tax Credit of up to \$8,000 to first-time home buyers until April 30, 2010.
- Expands the credit to grant up to \$6,500 credit to current home owners purchasing a new or existing home between November 7, 2009 and April 30, 2010.
- Income limits increased to \$125,000 for single buyers, married couples up to \$225,000.

Visit www.RAMaui.com for more information

Brief overview:

Pages 4 - October's Sales Volume – Unit Sales held or increased somewhat in October to 71 homes, 61 Condos and 8 Land sales.

Page 5 - October's Median SALES prices rose for Homes and Condos – Residential: \$487,000, Condos: \$400,842. Land declined: \$382,450 (remember since only eight land lots sold, this is not a valid indicator in the long run.)

Page 6 - Days on Market for Residential homes = 193 DOM, Condos = 143 DOM, Land = 384 DOM. (General DOM Note: this is the average DOM for the properties that SOLD. If predominantly OLD inventory sells, it can move this indicator upward, and vice versa. Also, RAM's Days on Market are calculated from List Date to Closing Date [not contract date]. As such, it includes approximately 60 days of escrow time.) Also – Short Sales transactions can often take 4-6 months to close thereby extending the marketplace's average DOM.

Pages 10 - 14 - "Year to Date Sales" numbers compare January/October 2009 to January/October 2008. Short timeframe (monthly) views do not necessarily reflect the longer timeframe trends. Better overview is available from these pages at the end of each year such as 2008's Year End (Dec. 2008) available at: <http://www.ramaui.com/UserFiles/File/Stats/December2008.pdf>

Year to Date: Residential unit sales declined (-34%), average sold price = \$717,455 (-16%), median price = \$500,000 (-14%) and total dollar volume sold = \$373,794,247 (-45%).

Condo unit sales declined (-7%), average sold price = \$727,954 (-22%), median price = \$469,000 (-15%). Total Condo dollar volume sold = \$491,369,168 (-27%).

Land – NOTE: Land Lot sales are such a small sampling that statistics in this property class are not necessarily reliable indicators. Land lot sales declined (-11%), average sold price = \$1,280,625 (+30%), median price = \$512,000 (-27%), Total dollar volume = \$106,291,915 (+16%).

Also, total sales for immediately past 12 months: Residential = 653, Condo = 749, Land = 90.

IN A NUT SHELL..... the good, the bad..... AND THE ROAD AHEAD

Inventory continues to shrink since April '09. Similar to latest reports from many mainland markets, our market seems to be getting its footing. The large inventory includes many short sales and REO (bank owned) properties which will need to be absorbed as sales before we can move ahead to a more normal marketplace.

FOR SELLERS: Sellers who don't really need to sell (just "fishing?") should stay off the market, and clear the marketplace for those who **REALLY have to sell**.

To be successful, Sellers need to be realistic and beat competing properties with better property condition, **REALISTIC pricing**, good marketing, and flexible, creative terms (including lease-with-option-to-buy and sale-with-lease-back to seller). Days on Market figures show that properties priced right will sell in a reasonable timeframe. "Priced Right" is still the determining factor.

BEST Deals are selling, everything else is getting old.

Pro-Active Sellers are getting their properties **appraised, inspected and surveyed** in advance to encourage knowledgeable offers from realistic Buyers. Doing this can prevent unanticipated escrow fallout. **Unrealistic Sellers** continue to be **ignored** by the market and miss current opportunities that later become woefully apparent. They may even end up in a Short Sale or Foreclosure situation that could have been avoided.

FOR BUYERS: Continued low interest rates and Newly Extended first time/move-up **homebuyer incentives** provide plenty of options for Buyers who qualify. Buyers should get Pre-Approved so they can shop in confidence (fewer last minute disappointments due to non-funding loans). More "short-sales" and foreclosures are happening in the marketplace, yet they can be less of a bargain than they seem, requiring more hurdles to leap and more time (often 4-6 months) to close, if at all. Be prepared, but **BE REALISTIC**.

First-Time Home Buyers – This is your opportunity to purchase. Don't let it pass you by....

See link on page 1, attend a First-Time Home Buyers workshop, get familiar with the process, get qualified/approved, do your homework to get your own home. Many current owners never thought they would be able to own until they attended a workshop, discovered they could, and are glad they did. This low point in the market is your rare chance, so don't delay.

Disclaimer: Zooming in on the figures of a specific geographic area or property type may lead to different conclusions than the overall view.

Maui's market place is much smaller than Oahu's, and a few high or low sales have a greater effect on the statistical numbers without necessarily indicating a big market swing one way or another.

For questions regarding today's market, please call our newly installed RAM 2010 President, Bruce Faulkner at 808-575-5300

If you have any questions regarding hard numbers, call 808-270-4646.

Mahalo,

Terry Tolman
